

# Peregian Springs State School 2025 Student Resource Scheme

## **Introduction:**

The Queensland Government supports students' education by providing funding for:

- Instruction, e.g. teachers
- Facilities, e.g. buildings, amenities, furniture
- Administration, e.g. staffing and resources to administer the operations of the school.

Funding does not extend to individual student resources such as textbooks, equipment for personal use, and items used/consumed by the student in the classroom. Supply of these items is the responsibility of families.

To provide families with a cost-effective alternative to purchasing textbooks and/or resources elsewhere, Peregian Springs State School operates an SRS under the guidance of the Department of Education and approval by the school's P&C Association. The aim of the scheme is to provide students with necessary classroom resources, associated learning materials and online learning resources at a financial saving to families. The scheme ensures that students have the resources required for them to engage with the curriculum for their education and saves families time and money in sourcing the prescribed materials elsewhere. Savings are gained through the school's bulk purchasing practices and hiring arrangements. The scheme is not used to raise funds for other purposes, and revenue collected through the scheme is applied only to the resources and operation of the scheme.

The scheme's operation, resource inclusions and participation fees were approved by the school's P&C Association at the meeting held on Tuesday 15 October 2024.

Over the last 12 months we have been revising our processes in relation to the student resources used and the fees charged. In 2025, all students will be invoiced a core fee (SRS Core) which will cover resources that are used by all students in that year level. Additional invoices (SRS iPad Hire Trial and SRS Instrumental Music) will then be generated for nominated families.

## **SRS Participation:**

The objective of the scheme is to provide a convenient and cost-effective way for students to access the educational resources necessary to enhance their learning experience at school. The Department encourages families to participate in the scheme. Participation in the SRS is optional, and no obligation is placed on families to participate. Participation is for the duration of your child's enrolment at the school.

### *Student is new to the school...*

Families are required to complete and return the SRS Participation Agreement Form when joining the scheme for the first time. If no participation form is received, the school will take the view that the family has chosen to opt out of the SRS. The family is then required to provide the educational resources listed in the SRS for their child by the start of the school year. A family can opt in or out of the scheme in subsequent years by completing another Participation Agreement Form.

### *Continuing student at the school...*

A family's participation or non-participation in the scheme will continue as per their previously completed Participation Agreement Form. A family can opt in or out of the scheme in subsequent years by completing another Participation Agreement Form.

If a family has opted out of the scheme the family is required to provide the educational resources listed in the SRS for their child by the start of the school year.

## **Resource Inclusions:**

Resources included in the SRS are detailed in the SRS Resource List. This is a comprehensive list of all resources included in the scheme and their associated costs.

# Peregrian Springs State School Student Resource Scheme - iPad Hire

## Overview

Peregrian Springs State School is committed to providing students with access to the best learning tools, including integrated iPads, to enrich the educational experience. As an Apple Distinguished School, our teachers are proficient in integrating iPads into the learning process, contributing to the success of the longstanding BYO iPad program at our school.

For the year 2025, we are offering various pathways of access for families, including the option to hire an iPad directly from the school for the academic year. The iPad hire scheme ensures that students have the necessary resources to engage effectively with the curriculum and provides an option for families concerned about investing in their own device.

## **SRS iPad Hire Program Terms and Conditions**

1. It is understood that the iPad is under a hire (loan) agreement and the iPad remains the property of the school. In exchange for complying with the agreement, the student can use the school iPad for educational use at school and home in conjunction with PSSS ICT Student and Parent Agreement and Online Consent. Families must comply with the above-mentioned agreements and ensure the student complies in relation to use of the iPad at the school and outside the school.

# Peregrian Springs State School Student Resource Scheme - Instrumental Music

## Overview

The Department of Education Instrumental Music Program offers students the opportunity to learn a string instrument from Year 3 or a brass/woodwind/percussion instrument from Year 4. Students who enrol in the Instrumental Music Program are expected to commit to the program for a minimum of one year. Students receive a weekly lesson of 30 minutes duration during class time and, as the year progresses, will also be invited to join one of the school ensembles, which rehearse before school. *Weekly attendance at both lessons and ensemble, alongside completing home practice tasks are all key components of the Instrumental Music Curriculum and this time commitment should be considered carefully when applying for a place in the program.* Please be aware that, once enrolled in either the Strings Program or the Brass/Woodwind/Percussion program, it is expected that students continue with their studies on the instrument allocated to them. Students that are interested in learning a brass, woodwind or percussion instrument should wait until Year 4 to commence their studies, rather than starting on a string instrument in Year 3 and changing in Year 4.

## Participation in the 2025 Instrumental Music Program

1. New students to the program will need to complete an expression of interest and progress through the recruitment process. There are a number of steps involved in the recruitment process:
  - Selmer Aptitude Test

  - Assessment of physical suitability by instrumental Teachers
  - Pitch and Timbre preference assessment
2. **Students will be matched to an instrument**
3. School will **invoice families** early in 2025 for SRS Instrumental Music ready for payment

#### **Isn't education free?**

All schools operate within the policy and guidelines of the Department of Education and in accordance with section 51 of the Education (General Provisions) Act 2006. DoE encourages schools to operate a scheme as a service to parents. Whilst schools receive funding from the government to operate the school, student resource expenses extend beyond the budget. Families therefore are asked to support their child's learning by either providing the resource item itself or participating in the scheme.

#### **Why pay 2025 Book list and Student Resource Scheme Fees by January 2025?**

We ask for all families to pay fees at the start of the 2025 school year, so that student learning materials and books may be purchased early and discounts secured, through early payment and bulk ordering. Participants will then have the opportunity of accessing their resources when they commence school. Payment in instalments or via a payment plan is available for families.

#### **Do I have to participate in the Student Resource Scheme?**

Participation in the scheme is voluntary. If families choose not to participate in the scheme they will be asked to provide the resources listed in the scheme for their child when required throughout the year. A list for your child's year level is available in Appendix 1.

#### **What happens if I am experiencing financial difficulty?**

Anyone experiencing financial difficulty at this time and wishing to pay the Student Resource Scheme over an extended time period should phone the school and speak with our Business Manager on 5351 2222. It is our intention to encourage all families to join the scheme and enjoy its benefits. Please contact the school to make an appointment with the Principal or Business Manager should you have any questions regarding the scheme.

#### **What is excluded from the SRS?**

There are guidelines for schools on what is not allowed to be included, for example: excursions, competitions, first aid supplies, safety equipment, internet costs or any resource needed for assessment. In addition, all resources included in a SRS must be able to be purchased by a family choosing not to participate in the scheme.

#### **How much do I need to pay to participate in the SRS?**

Each school, in consultation with their P&C Association, determines the resources that will be included in the SRS, and the fees that will be charged for those resources. The fees are based upon the value of the items in the scheme, this includes items that are:

- owned (generally equal to the cost for the school to purchase)
- used in class (as an average cost of resourcing the class) and
- hired to the students (based upon the expected life of the item).
