PEREGIAN SPRINGS STATE SCHOOL

Year 1 Online Learning Package

A Year 1 Padlet has been designed to assist with home learning. This will allow students to continue their educational journey during school closures.

The Padlet has been set up in columns with resources and need to know information under the respected key learning area tabs. Documents can be downloaded to a device and/or printed if required. Our Year One app list is also on the Padlet, as well as information regarding subscriptions and how to access these applications successfully.

All assessment will still take place at school. Ideally students should focus on a Maths area and an English (Reading, Writing, Spelling) area per day, as well as one or two alternative subjects to keep in line with the school's daily routine.

To access the Padlet, click the link below:

https://padlet.com/lflor21/yearone

A 'Home Learning Booklet' has been attached for your convenience, if you are experiencing any issues with the Padlet.

Please continue to check your regular class communication methods so you are up to date at all times.

Warm regards,

The Year 1 Team
