Secretariat: Elaine Williamsz ewill300@eq.edu.au

Item No.	Agenda Item	Responsible Officer	Action
1	Welcome and Apologies	Gwen	No apologies
2	Confirmation of Minutes from Previous Meeting	Gwen	Approved
3	Business Arising from Previous Minutes	Gwen	
4	Correspondence received BusLink Coolum Police	Gwen	 Bus Ed Programs - Education regarding bus safety in school. Ongoing education including bringing a bus to school Monitoring of car park behaviour. No opportunity has arisen to monitor carpark recently. No complaints rec'd by police. N.B. Marlene is currently on leave
	Steve Robinson		Reply to Dave re this meeting

	Rod Zinn		Passing request regarding on ramp to another Council Officer (no reply received to this correspondence)
5	Correspondence Sent Sunshine Coast Council	Gwen	Request school signage on the on ramp and servicing of the traffic lights – (no reply rec'd)
5	Travel Smart Update	Dave Foxover	Ride2School and Walk2School days have been successful in reducing traffic and congestion on the roads on those specific days. Objective is to translate that success through to every school day. Travel Smart behaviour is continually promoted throughout school and to new families.
6	Principal's Report	Gwen	Signs required from the off ramp on motorway to warn of approaching School Zone - No response rec'd yet from relevant council department School was not informed of the opening of the off ramp.
7	Qld Police Service Report	Bena	Nothing to report Suggested second access point to school through wetlands. See discussion below (12)
8	Local Council Report	Stephen	See discussion below (12)
10	PPP Report	Jason Cook	See discussion below (12)
11	Management of the Car Park and Drop Off/Pick Up Zone	Dave Williams	Extra Green Zone space has seen an improvement in the flow of traffic. Education of drivers / Closure of Green Zone – managed by community volunteers – was successful during the trials. Habits quickly returned to normal once trials ended (volunteers no longer able to commit time) Would closure of Green Zone between 2.30 and 3.00 p.m. be possible from a legal/council
			perspective? See discussion below.(12)
12	Discussion #1. Second access point?	Police	Is there a possibility for second access point from back of school through wetlands area from North Ridges. Could be a feature wooden walkway? (School has been told on several previous occasions that this categorically is not possible. Fire access only)
		Stephen	Council will commit to investigation of the land behind the school and the status of the road (private?) with a view to possible secondary access point.

		General committee agreement that implementation of this would be beneficial.
		of this would be beneficial.
#2. Closure of Green Zone 2.30 – 3.00 p.m.?	Dave Williams	Closure of Green Zone between 2.30 and 3.00 p.m
	Stephen	Drop of Zone works when utilised correctly by community. Council will commit to taking the suggestion to Road Engineers to assess the possibility. A random and on-going approach required if implemented.
	Gwen	Correct signage would be required. Safety of persons carrying out closure must be considered.
		Not school property. Industrial agreements do not allow for staff to attend to this issue.
#3. Enforce compliance - Fines and penalties issued to offenders	Police/Stephen	10 years of parent and student education has had no impact on behaviour.
		Suggested combined Council/Police/TMR effort.
		Police and council to consult and organise rotation of random visits to school site. Required to be ongoing – 2 times plus per term.
		Council/Police to communicate and advise school of progress in implementing this strategy.
		School parent community given notice of intention to issue fines and court orders via Facebook, newsletter and email. (Police and council to advise school of the date of implementation)
		TMR to promote traffic/road safety education in collaboration with police and council.
		N.B:
		Police can issue tickets for traffic offences – i.e. blocking roundabout.
		Council can issue parking fines. Sitting in Green Zone too long etc.
#4. Complete closure of Green Zone – Replaced with parking spaces	Gwen	It is essential that this is implemented once parents are informed of intent to issue fines.
	Gwen	Previous threats have made no difference.

	Future	Stephen	CCTV – possibility in the future.
			Technologies are being developed for mobile phones Future
			Meeting Closed 10.30 a.m.
13	Next Meeting
